

Who Should Attend

Anyone who wants to learn more about the unique IAC model. Families and professionals interested in creating an IAC, and those interested in being a part of similar programs in their local area.

Join Us For The First Annual Independent Apartment Community Symposium

Wednesday, May 11th 2016 / 8:30am

27231 Calle Arroyo, San Juan Capistrano, California

The Independent Apartment Communities group (IAC) is a newly formed association of organizations, professionals, families and individuals who believe that Independent Apartment Communities represent a unique, beneficial and preferred option for housings and supports for individuals with intellectual and developmental disabilities.

The IAC Group exists to offer education, resources, networking and support for those who want to create Independent Apartment Communities in their local area.

The IAC Group will also support existing Independent Apartment Communities to best fulfill their mission in a sustainable and person-centered focus.

The symposium will have three main purposes; First, it will offer successful examples of IAC's and serve to cast vision for those not familiar with Independent Apartment Communities. Second, it will provide education, resources and best practices on how to build, fund and operate an Independent Apartment Community. Finally, it will offer networking opportunities and consulting services for those interested in creating an Independent Apartment Community in their local area. This day-long event will be offered at no cost to attendees and will include a variety of speakers. Symposium sessions will include identifying the unique benefits if an IAC, an IAC founders story and vision, different funding options, the unique way families and professionals interact in an IAC, tools to identify individual roles needed to start an IAC and a networking opportunity to meet others who share the desire to be part of an IAC.

**To register, email Aaron Vorell at avorell@casadeamma.org.
A detailed Invitation with an agenda and speakers will be available soon!**
